## ASIL Law Firm Membership

*Being on the leading edge of learning, networks, scholarship and practice in international law*

Today, international law is every firm's business. It affects more of your clients. It touches more practice areas.

Becoming a Law Firm Member of the American Society of International Law signals your firm's leadership in this growing field. An ASIL Membership is a special opportunity to associate with, learn from, and support the Society's educational excellence and worldwide network of international law professionals. Recognition at the ASIL Annual Meeting, which brings together more than 1,400 international law leaders from more than 75 countries, is only the beginning. Membership also brings with it a number of individual memberships for your firm's attorneys, access to internationally focused CLE programs, and opportunities to profile your firm and its international law expertise.

We invite your firm to participate as a Member and access leading scholars and renowned practitioners of international law across the globe. The benefits appear on the following page. Our distinguished list of 2012 Members is below. Join them today for 2013. Register online now at [www.asil.org/lawfirmmember](http://www.asil.org/lawfirmmember).
